Boots with low carbon footprint

When you buy footwear from Bjerregaard Sikkerhed, sustainability and quality goes hand in hand

With our new safety boots from 2Be, every step is taken to secure the environment climate. Both in choice of materials and in production and logistics. Boots and packaging are made from 60-100 % recycled materials. 80 % of the production power comes from solar energy. At the same time the safety and comfort of the boots fully match all norms and requirements of safety footwear.
